

People

Who is who?

There are four categories of people:

- Teachers and other adults in school
- Friends
- Family and/or carers
- Other adults.

Teachers and other adults

'Teachers and other adults in school' means adults who help you at school.

Friends

'Friends' means friends of a similar age to yourself, either from school or from elsewhere.

Family and/or carers

'Family and/or carers' means parents, foster parents, carers, grandparents, uncles, aunts and other adults who form part of your whole family. It also includes adults whom you know through your family, eg your parents' friends.

Other adults

'Other adults' means any adults who do not fall into one of the other categories, for example, doctors, police, etc.

Examples

For each of the examples below and on page 2 of people David knows, say what category they fit into.

- His father

- His science teacher

- Mr Ayuba who runs the local boys' football club on Saturday

- His mum's best friend, Angharad

- Richard, whom he goes to football with

- Dr Gunawardena, the family doctor

- Mr Davis, a teaching assistant who helps David in his maths group

- The school caretaker

- Juan, the Spanish boy who David met on holiday last year who still sends emails

- The school nurse
